Founded in 1887, The Catholic University of America is the research university of the Catholic Church. For 132 years, graduates have excelled in service, science, the arts, languages, law, and more.

The National Collection supports not only students, but also **The Catholic Project**. The Catholic Project is a University initiative that aims to heal the breach of trust many have experienced as a result of the current crisis in the Church.

Focusing on prevention, remediation, and understanding, The Catholic Project brings clergy and laity together to develop concrete solutions.
